Charles E. Schaefer,\* Amy V. Callaghan, Jared D. King, and John E. McCray: Dense Nonaqueous Phase Liquid Architecture and Dissolution in Discretely Fractured Sandstone Blocks

The correct form of eq 5 (page 1880) is:

$$K = \frac{\Gamma}{C} = -\frac{M_w \partial \sigma}{R_g T \partial C} \quad (5)$$

This was incorrectly written in the original manuscript.
